

SPONSORSHIP BENEFITS

Generations is a community mentorship program for at-risk students. With the help of volunteers and a 7-week curriculum, students learn to set post-graduation goals and find a career pathway that best suits their skills and interests. Studies show that at-risk students who receive mentoring in high school are more likely to attend post-secondary education compared to those without mentoring. By becoming a sponsor you support the children in our community who need us most. With your support as a sponsor, we can empower, educate, and raise the next generation to enter the workforce prepared.
