

Volunteer Roles & Brief Descriptions

Night of Hope parties are made possible in part due to the leadership of Local Churches (Host Churches). The Host Churches take the lead in planning the details of each unique party hosted across 20 different locations in HEB ISD.

Each Host Church generally has a leadership team of volunteers who will assign and direct community volunteers on the evening of your party. Please know that some volunteer roles may not be assigned until the night you arrive at the party.

Below you will find a brief description of the volunteer roles that the Host Church and their volunteer leaders at your Night of Hope party might ask you to do according to your desire to help and interests or abilities. Please familiarize yourself with these roles. Since every role is important, we appreciate your flexibility and willingness to serve where needed!

Hosts (*Bi-lingual volunteers desperately needed!*)

Interact, assist, and serve one or more families throughout the event in various activities including snacks, crafts, response cards and more. Most often this is an inside role.

Greeters

Welcome participants and direct them to/through the event. Greet families as they enter the building, making sure they have their invitation with them. Often the greeter team hands out programs to families as they arrive.

Registration/Family Check-In (*Bi-lingual volunteers needed!*)

Ask for the family registration letter or invitation. On the list of families provided, find the family name, highlight the child(ren's) name(s) who are in attendance with the family, and note the total number of family members in attendance.

Snack/Hospitality Team

Serve families snacks and beverages during the event. For certain parties this might also include preparing snacks/treats in the moments before the party begins.

Gift/Meal Distribution Team (*Bi-lingual volunteers needed!*)

Volunteers might be asked to inventory and organize the gift and food bags upon arrival at party. Volunteers will help to distribute the gifts and food bags and offer to carry the bags to the family vehicle. These volunteers will work outside or inside depending on the plans of the Host Church. Be sure to check on the location of the distribution so you can wear appropriate clothing. In addition, you may be asked to bring a headlamp or flashlight as lighting on the exterior of the building is often a challenge.
